

-- Creditron Discusses Integrated Receivables and the Future of Remittance and Lockbox Automation at the Upcoming IOFM Payments Summit --

ROCKVILL, MD, June 9, 2015 – Creditron, a leading provider of integrated receivables solutions, announced today that the company will be participating in a joint case study presentation as well as an interactive panel discussion at the upcoming IOFM Payments Summit in Chicago, IL.

On Thursday, June 18th join Jon Gage, Sr. Business Solutions Architect, Creditron and Greg Rudolph, Vice President – Corporate Services, First Financial Bank as they discuss the next generation integrated receivables platform. Learn how First Financial Bank gained significant competitive advantage by implementing the Creditron solution. Existing client relationships have been strengthened with the addition of key value-added client features such as web-based reporting and exceptions handling.

On Friday, June 20th join Wally Vogel, Founder & CEO, Creditron as he participates in an interactive panel discussion on ‘5 Things You Must Know About the Future of Remittance and Lockbox Automation.’ Wally will be joined by various other business leaders and industry experts.

In addition to the case study presentation and the panel discussion, Creditron will also be represented in another interactive panel discussion by its longtime customer, Duncan Solutions. This panel will discuss lessons learned in payments automation. Melissa Lenz, Operations Manager will represent Duncan Solutions during the talk.
